ARENA TALK

2006-07-17 07:14:16

You can count "The Ontario Harness Horse Association" as on board with any new arena proposal that would include the Windsor Raceway. Association Vice President Brian Tropea says "Project Ice Track", would be just what the doctor ordered. The 'Project Ice Track' proposal calls for two ice pads, one with 65-hundred seats, and a Wayne Gretzky restaurant to go along with live horse racing at the track. City council will be talking arena again this Thursday.
