Mayor Eddie Francis & Members of City Council  
Corporation of the City of Windsor  
350 City Hall Square West  
Windsor, ON N9A 6S1

Dear Mayor Francis & Members of Council:

Labourers' Local 625 would like to express to you how favourably the Project Ice Track presentation touched on the issues that concern the taxpayers of our community. Also, taxpayers will not be responsible for the operating costs or deficits of the new arena.

Project Ice Track will create much needed jobs in our community, not to mention, above all, that this major project will be undertaken by a local construction contractor and not by someone from out of town. Our tourist industry will be positively impacted, with new family entertainment venues utilizing the ice track. Wayne Gretzky's G99 restaurant and the Sports Hall of Fame is another draw for families.

After reviewing the information provided, Labourers' Local 625 does not see a downside to this project.

Concerns have been addressed, the team is in place. It is time that this community has a state of the art facility.

Labourers' Local 625 has enjoyed a long standing relationship with the Rosati family. We are looking forward to working with them and the Toldo family in making the Ice Track a showcase facility that will benefit our great community.

Therefore Labourers' Local 625 is pleased to endorse project Ice Track.

Yours truly,

W. Dunn  
Business Manager
